
Goes to School at BELA

This is my new school! My Mom will take me to school each day, and come back to pick me up when school is over.

I will hang up my backpack, and my coat, in my locker. My locker and my mailbox will have my name in them.

Next, we will go into my new classroom.

We will say hello to my teachers. Their names are _____. They are excited to see me each day, and love to help me learn and have fun!

My classroom has lots of toys, and things to help me learn and have fun.

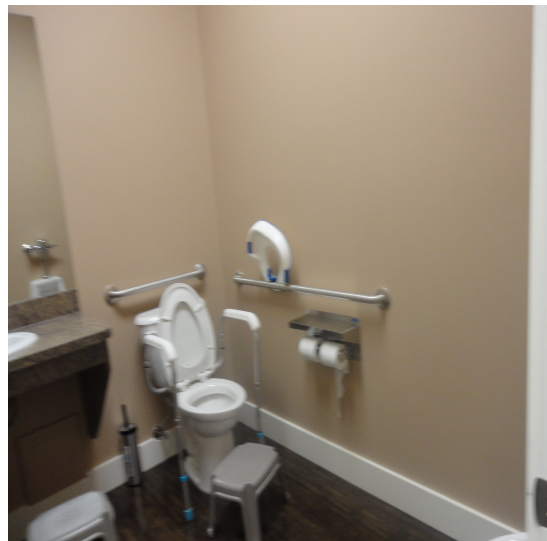

I will have lots of fun playing and learning with my friends. Some of them I might already know, and some will be new friends that I meet. I will be kind and help my friends and teachers.

These are the washrooms at BELA

I will ask the teacher when I need to go to the bathroom. Sometimes I will go to the bathroom with my friends when we go to wash our hands and use the bathroom.

I will have lots of fun, playing and learning new things at BELA with my teachers and all my new friends.
